

# Novae Manufacturing Solutions Private Limited

## Introduction

NMS Solar is a registered trademark of Novae Manufacturing Solutions Private Limited (NMSPL). Founded in 2011, NMSPL is headquartered in Navi Mumbai, Maharashtra, India. With its NMS, Solar brand, the Indian company Novae Manufacturing Solutions Private Limited has focused on solar energy and has been a pioneer in the rooftop solar industry ever since. We at NMS Solar are a team of highly talented, self-driven and passionate people. Energy access is one of the 21<sup>st</sup> century's great challenges for a country like India and we are committed to bring the power of sun to the common people of this world.

NMS Solar has hands on experience and is a System Integrator (SI) for complete solar solutions. We believe in providing our customers with innovative and customized solutions specific to their need and requirement. NMS Solar provides unbiased, objective advice and realistic forecasts at all stages of a project – from the initial investment decision and construction of your Solar PV system through to actual operations. Through our disciplinary approach, we believe in offering our customer's maximum quality and reliability every step of the way. NMS Solar is committed to the highest ethical and quality standards. We place the needs of our customers at center stage to drive business, excellence in quality, leadership, and accountability.

We are committed to designing, manufacturing and supplying effective products/ projects and services which generate value to the customer and at the same time set a benchmark in the industry. We are dedicated to continuous improvement in each of our deliverables. Our service portfolio not only comprises design and commissioning of monitoring and control systems but also ongoing operations support and life cycle Operations & Maintenance (O&M).

NMS Solar is a part of a Novae Manufacturing Solutions Pvt. Ltd. Company is basically a EPC company doing several I & c projects in solar roof top. Presently, we have completed total 8 projects in which SIX have been done by us and rest of are in other company's interaction. What we have done is include governmental and private sector in around Maharashtra state.

Benefits of going solar:

1. No recurring fuel cost
2. Clean, silent and no moving parts
3. Environmental friendly
4. Arrests Green House Gases
5. No transmission losses
6. Can withstand high winds
7. India blessed with more than 300 days of clear sunshine

Below is the list of projects led by our company:

## EPC PROJECT LIST

### **1) Pure source clothing Pvt. ltd (2014)**

Location: Kalyan, Mumbai  
Capacity of system: 30 Kwp  
Type of project: On Grid  
Configuration: Sheet Roof top solar PV System  
Date of commissioning: 01/12/2014

### **2) Alf Engineering Pvt. ltd (2015)**

Location: Nashik, Maharashtra  
Capacity of system: 100 Kwp  
Type of the project: On Grid  
Configuration: Sheet Roof top solar PV system  
Date of commissioning: 07/09/2015

### **3) KJ Somaiya college of science and commerce (2015)**

Location – Vidyavihar, Mumbai  
Capacity of system – 50 Kwp  
Type of the project: On Grid  
Configuration: RCC Rooftop PV solar system  
Date of commissioning: 12/12/2015

**4) Creative Garments (2016)**

Location – Kalyan, Mumbai  
Capacity of system – 30 Kwp  
Type of the project: On Grid  
Configuration: Sheet Roof PV solar system  
Date of commissioning: 05/03/2016

**5) GES polymers Pvt. Ltd (2016)**

Location – Kalyan, Mumbai  
Capacity of system – 130 Kwp  
Type of the project: On Grid  
Configuration: Rooftop PV solar system  
Date of commissioning: 19/10/2016

**6) Chembur High school (2016)**

Location – Chembur, Mumbai  
Capacity of system – 15 Kwp  
Type of the project: On Grid  
Configuration: Sheet Rooftop solar system  
Date of commissioning: 12/12/2016

## I & C PROJECT LIST

### 1. Project Developer: GOLDI GREEN PVT. LTD.

#### **7) Ambernath Tehsildar Office (2016)**

Location – Ambernath, Mumbai  
Capacity of system – 40 Kwp  
Type of the project: On Grid  
Configuration: Rooftop solar system  
Date of commissioning: 29/10/2016

#### **8) Konkan Bhavan (2016)**

Location – Ambernath, Mumbai  
Capacity of system – 50 Kwp  
Type of the project: On Grid  
Configuration: Rooftop solar system  
Date of commissioning: 20/11/2016

#### **9) Thane Central Jail (2017)**

Location – Thane, Mumbai  
Capacity of system – 50 Kwp  
Type of the project: On Grid  
Configuration: Ground-Mounted solar system  
Date of commissioning: On Going
